Cheryl Brush 10/11/2011 2:05 PM Recd call from Potter - SPU put out recycling bins which protesters are filling with recyclable and non-recyclable materials, so Parks must now separate. Some parks have recycling bins - pilot project done in the south end - but Parks does not have enough bins or money to put the cans everywhere. Composting is not required in the Parks - no set up to deal with waste separately.

They need our support, they need relief from debt due to education. We cheated them out of their future by our own stupidity and wealthy's greed. Do not arrest them for any reason unless you want more of the same, as I will join them in a march reminiscent of the 1970 peace marches I joined oh so long ago.

Support our youth, provide them with some hope and absolutely NO VIOLENCE.

The news was forecasting more stupidity from your office this time. Think what this really means, what you would do in their shoes. What a thought.

Good afternoon,

I would like to comment on the recent removal of 'Occupy Seattle' protester's tents from Westlake Park. Of all cities in the United States of America, I would expect that Seattle, with a long respectable history of legitimate protest and direct political action in support of good causes, would sympathize with this protest and support it.

Americans everywhere are witnessing the dismantling of the country while the wealthiest 1% see continued personal improvement at an ever accelerating rate. Chris Williams, you do not belong to this 1%, and removing these tents is in opposition to your neighbors and their families. Tonight, go next door to your neighbors and ask them which benefits (pension, health care, 401k, etc) they have seen cut in the recent years, then go home and think about if you are a part of the problem or solution in this matter.

I'm not saying you should fling open the doors to the city to all protests, but come on, let tents be pitched for THIS protest. Don't be on the wrong side of history here, listen to your conscious, don't blindly follow orders, but THINK about what is happening to this country and take what action you can to support this cause.

Your other option, is to be a tool of the wealthiest people in the history of the Earth, and to assist with the dismantling of the infrastructures of education, transport, health care, etc that you likely took advantage of, and that I HOPE you would like to see improved--not dismantled--before your children get to use them.

Sincerely,  
David Anthony

Mike & Christopher -

While leading volunteer events as Golden Gardens forest steward, homeless people sleeping in the park have been harassing us. Despite reporting this on each occasion, neither Park Rangers nor SPD get involved. Now Parks and SPD is harassing peaceful Occupy Seattle folks (below). Especially in times of a tight budget, what is the justification for having Park Rangers and SPD spend overtime hours guarding peaceful people?

If Parks and SPD do not begin demonstrating consistency in its policies, the media may be interested in learning of these inconsistencies.

Thank you,

## With McGinn's support, Occupy Seattle protesters stay put

Web reporter Q13 FOX News Online

7:19 a.m. PDT, October 11, 2011

SEATTLE—

The Occupy Seattle protesters woke up in Westlake Park for the 10<sup>th</sup> consecutive day Tuesday.

The group, who recently gained the support of Seattle Mayor Mike McGinn, spent the night even as Department of Parks and Recreation officials told them they would need to leave when the park closed at 10 p.m. Monday.

- [Story: McGinn endorses Occupy Seattle protests](#)

The parks department began going through the crowd Tuesday morning and waking people up--saying that the area needs to be cleared. Police were also on hand to assist in the cleanup process though no one was arrested.

McGinn has offered City Hall plaza as an alternative location for the protesters to gather. "The City is making City Hall Plaza available for those demonstrators who wish to stay overnight, with reasonable restrictions on the use of tents to allow free public use of the plaza during the day," The City of Seattle's website said.

According to some protesters, if they move to City Hall they will be accepting an invitation, not creating an "Occupation."

First, I support the "occupy seattle" protester's right to assemble publicly and I understand that you were given orders to arrest people that did not comply with the directives to remove their structures from west lake park.

Second, I do not support violence--physical or verbal--and in seeing some of the videos of the arrests at west lake park I know that some protesters used violent actions and language in the confrontation.

That said, I want to thank SPD for using restraint when dealing with a potentially volatile situation, for not resorting to excessive force when confronted with protesters who acted violently by word or by action.

We urge the City of Seattle to continue its policy of tolerance toward the Occupy Seattle protesters at Westlake Park. They are exercising their basic human and constitutional rights to freedom of speech and to assemble on public land. Their civil rights do not restrict them to assembling at City Hall, far from the public eye.

We are the owners of a family-owned business of 70 employees here in Seattle and feel that their opinion should be heard, whether we agree with them or not.

\*Long Subject Dear Seattle Police: I support you and  
thank you for how well you handling Occupy Seattle. It is a very delicate and difficult job for all the  
police on the street. Please continue to protect and support the protestors. I have taken my children (ages  
8 and 11) to the protest so they can learn what democracy can look like. Please protect their rights to  
peaceably assemble and the freedom to speak. Allow them to organize and sleep in tents (homeless folks  
do it all the time). They want politicians to enact laws and regulations that remove corporate power and  
corporate money from influencing government policy. Thank you, Thank you, Thank you!!! Marcelle

<p><b>*Subject:</b> Occupy Seattle at Westlake Park  <b>*Citizen Comments:</b> Hello Seattle City Parks!            I think your department does a fine job with our city parks; however, I do disagree with the recent granting of a permit for the protest group in Westlake Park. I pass by the Westlake location everyday, and even crossing to the west side of Fourth Ave. is not a relief from the crowds and honking cars. I have been unemployed due to the economy, and I understand the reasons for the protest, but the Westlake Park area has become an eye sore, as is the collection of street kids with their skateboards and animals on the corner of Fourth and Pine.            Thank you for your consideration.  <b>Comments:</b> Created by IMA Incoming #3272. <p><b>*Subject:</b> PARKS - Can tents confiscated from Westlake Park during Occupy Seattle protest be given away  <b>*Citizen Comments:</b> I am in need of a new tent this winter and was lead to believe the city of Seattle is now in possession of several hundred of them confiscated from the protesters. <p><b>*Subject:</b> PARKS - Opposes removal of Occupy Seattle demonstrators from Westlake Park</p> <p><b>*Citizen Comments:</b> Please know that you should be supporting these young people in their attempts to shame our federal government and Wall Street. They need our support, they need relief from debt due to education. We cheated them out of their future by our own stupidity and wealthy's greed. Do not arrest them for any reason unless you want more of the same, as I will join them in a march reminiscent of the 1970 peace marches I joined on so long ago.</p> <p>Support our youth, provide them with some hope and absolutely NO VIOLENCE.</p> <p>The news was forecasting more stupidity from your office this time.
